One of the Experimental Aircraft Association's (EAA) goals is to grow aviation in the community. If you have ever dreamed of learning to fly, join us for our free ***Flying Start*** program!

- Get practical answers to your questions about learning to fly
- Learn about your local aviation community, airport, and flight training options
- Discover what you can do with a pilot's license
- Experience aviation first-hand with a *free introductory flight*
- Enjoy a *free lunch* and social time

The Flying Start program is limited to 20 attendees. Please send an email to [rv6@att.net](mailto:rv6@att.net) to request sign-up information.
